

Liquid Painting on the **EPP Products surface** - 01

powered by PaintFlex®

13.Jul.2026

Permanent adhesion of decorative and functional painting to the surfaces of EPP (expanded polypropylene) products using the PaintFlex® painting system.

Important Points:

- ✓ Apply **without** Heat treatments for Adhesion Like Flame -Corona & others

Adding value to EPP

- ✓ Add Super Eye Catching Unlimited Cosmetic Custom Colors in Glossy & Matte Finishing
- ✓ Add Functional Custom Paint Finishing like Antislip, IRR / RAM & others.
- ✓ UV Filter to Expand the EPP Foam Product Life From UV degradations
