

Colouring HDPE Planter - 01

powered by PaintFlex®

17.Jul.2026

You can make the HDPE Planter only with Carbon black HDPE Board.

Why only Carbon Black HDPE Board:

- ✓ Carbon Black HDPE Board is much better solution against UV rays than other colour HDPE Board.
- ✓ This can significantly reduce inventory costs.

Painting Benefits:

- ✓ This will improve customer satisfaction.
 - Manufacturing to meet any colour request from the customer.
 - Multi-colour manufacturing in Glossy & Matte finishing.

Remind

- ✓ There is limited colour of the HDPE Board standard colour.
- ✓ It is not easy to have special customer HDPE colour board.
- ✓ When you buy the standard colour board, you should buy several tons each colour.
