

Decorative Laminate on the **EPP Products surface** powered by PaintFlex®

PaintFlex® is the liquid paint that can be applied directly to the surface of polyethylene & other hard to paint products. 23.Aug.2026

Permanent adhesion of Decorative Laminate (for ex. Wood Panel, HPL etc...) to the surface of EPP (expanded polyethylene) sheet (block) using the PaintFlex® painting system.

Permanent adhesion

- between EPP product surfaces and PaintFlex®, and,
- between PaintFlex® and Elastic Adhesive (e.g. CaulkingFlex®)

does not require any heat treatment such as flame treatment or corona treatment.
