

Easily decorate stainless steel products.

powered by PaintFlex®

PaintFlex® is the liquid paint that can be applied directly to the surface of polyethylene & other hard to paint products. 30.Aug.2026

After applying Paintflex® Clear, you can easily decorate stainless steel products.

Painted with
PaintFlex® Clear
Painting
Equipment: Spray

Apply & Photo: 2014

- Step 1. Apply PaintFlex® Clear directly to stainless steel products using standard tools such as a spray gun, brush, or roller, without any special surface preparation such as sanding.
- Step 2. Decorate the stainless steel products by applying standard stickers or similar items...
