

Apply All kind of the PVC Deck to the HDPE Boat with ST® Bonding System

PaintFlex® is the liquid paint that can be applied directly to the surface of polyethylene & other hard to paint products.

03.Sep.2026

There were people who dream of a boat made of HDPE like this.

Now,
“VAELORA BOATS” has unveiled
just such a boat made of HDPE.

We at ST® Bonding System are delighted to have utilised our technology to apply the PVC deck to the HDPE boat.
